COMPANY PROFILE

Where Innovation Meets Transformation

We believe in building long-term, trusted partnerships that enable businesses to overcome challenges and seize new opportunities

EMPOWERING TRANSFORMATION

BST Group is a leading multinational group with a proven track record of driving transformation across diverse industries with cutting-edge technology. We engineer solutions that combine deep industrial and commercial expertise to empower our clients to thrive in today's dynamic world.

From industrial design and innovative business support to advanced IT systems and specialized solutions for the security and defense sectors, BST Group is your partner in achieving sustainable growth and exceeding expectations.

GLOBAL REACH REGIONAL EXPERTISE

Headquartered in Delaware, USA, with a strategic regional hub for MENA operations in Amman, Jordan. BST Group leverages a unique blend of global perspective and regional knowledge.

This dual advantage allows us to navigate diverse markets while delivering world-class solutions tailored to specific regional needs.

We believe in building long-term, trusted partnerships that enable businesses to overcome challenges and seize new opportunities.

BST GROUP CORE BUSINESS AREA

BST specializes in four key business areas, providing integrated solutions that enhance operational efficiency, resilience, and sustainable growth. Through these areas, BST Group offers customized, comprehensive solutions that enhance operational efficiency, foster resilience, and drive sustainable growth.

IT Systems Support, Design, and Development

Delivering cutting-edge IT solutions to enhance operational efficiency and security.

01

Corporate Business Support (B2B)

Providing consulting, training, and tailored business solutions.

02

Logistics and Supply Chain Management

Implementing comprehensive logistics and supply chain solutions.

03

Security and Defense Sector Support

Designing and supplying advanced technological programs and systems for security and defense sectors.

04

Our **Vision**

To excel in designing, developing, and supporting industrial, commercial, and technological solutions while setting high standards for innovation and strategic excellence.

Our **Mission**

To support public and private sector businesses by designing advanced technological systems, programs, and strategic solutions that foster growth, adaptability, and sustainable success.
